

Brand-Name vs. Generic Drug Costs

(Blue Cross Blue Shield of Michigan top 25 brand-name drugs with available generic counterparts)

This price list for generic drugs is based on the BCBSM maximum allowable cost, which applies to Michigan Blues members only. Those with other insurance coverage or no insurance should expect to pay more for medications, as pharmacies may charge a dispensing fee or service fee in addition to the cost of the drug. These additional costs may vary among pharmacies.
